Insurance - St. Louis Park
INTER-OFFICE CORRESPONDENCE
REILLY TAR & CHEMICAL CORPORATION

TO: MR. R. J. BOYLE - INDPLS. OFFICE: St. Louis Park
FROM: Mr. H. L. Finch DATE: September 20, 1968
SUBJECT: TUBERCULIN TEST - ST. LOUIS PARK - *Insurance - Miss*

No further evidence of active tuberculosis was found at the St. Louis Park plant in response to the testing we wrote you about on July 25th.

Several people with positive Mantoux tests have still to take the second x-ray which is required after a three month waiting period.

Yours very truly,

H. L. Finch
